

Linda Trogdon Profile

Hello Linda/Lynda Ladies:

I was born Linda Carol Selix on July 17, 1948 on what my father always said was the hottest day of the summer. I grew up on a farm in rural Davis County, Iowa. My father farmed and my mother was a teacher. I had one sister four years older than me. I went to school in rural one room schools and graduated from Davis County Community High School in Bloomfield, Iowa.

After high school I moved to Des Moines, Iowa where I had a long working career. I started and ended my career working for the State of Iowa. In between I worked in private industry in the agricultural and residential mortgage arenas. During that time I also worked part-time at Penneys and Mercy Hospital. I retired from working in 2017.

For a few years I was married to Ed Trogdon but we divorced and he has passed away.

I learned about the LINDA Club and Convention from Linda Rose Shanks and because of her I attended my first convention in Des Moines in 1996. Since then I have attended all conventions except for one. Presently I am a board member of the Linda Club and also liaison and helper of the newsletter mailing team.

I am active in my church. My hobby is collecting horse statues which I've been doing for a lot of years and the horse statues are too numerous to count. I really don't need more horse statues but it's fun to do so I keep at it! I also like to travel and used to do a lot out West with my Aunt. My passion is Southern Gospel Music and I go to a lot of singing events every year so I'm still traveling.

The Linda Club has been good for me and helped me to grow into the person I am. I have met a lot of people and made good friends. I usually say to people that "LINDA is the most unique thing I do".
